To

The Deputy Commissioner  
Nicobar District  
Car Nicobar

Madam,

We really appreciate the efforts of District administration in the construction of the new picnic and recreation spot under MGNREGA in Saansad Aadharsh Model village, Kinyuka. We are very happy that the two schemes have been converged to give us our very own environment friendly beautiful eco huts and benches, made from local material, making sure that 90 % of MGNREGA fund goes into wages. We are also very happy with the fact that 1554 mandays was generated and 45 families were benefitted. It is heartening to further see that most of the job cards holders were women. We hope and pray that more such activities takes place in future.

Yours faithfully

  
Aberdeen Blair  
Chairman Tribal Council  
Car Nicobar
